Dear Sam:

Knowing the policy of your very fine paper, I thought you might be interested in the enclosed pictures. The one of Satchell was carried by The Newark Evening News the day before our scheduled game with Kansas City that was rained out. The one of Joe Louis was carried about a week later in the other white daily of Newark.

Both are fine papers. The news one of the finest in the country. Both pictures are telling the people these two Negroes are tops in their field. I think this should boost our morale a littaa. What do you think? I don't know the newspaper business of course, but knowing your paper is circulated through the south, I thought this kind of news might really inspire the folks in the south.

I am still wishing for the rain to stop. Hope to see you soon.

Very Truly Yours
